

S1 | Form etnoecology Atlantic Goliath Grouper (AGG)

SOCIAL DATA

1. Date:
Place:
2. Interview number:
3. Age:
4. Length of time fishing:
5. Education:
6. Do you have another occupation besides fishing?
7. How many days a week do you dedicate to fishing?

FISHING CHARACTERIZATION

8. Which fishing method do you use? (Please describe)
9. In which environment(s) and place(s) do you fish?
10. Depth(s)?
11. Boat type, length and propulsion?
12. How many fishers on the boat?
13. Operation time (navigation to the fishing area and time spent in the fishing area)?
14. Uses GPS?
15. What are the target species for fishing?
16. Have you ever caught or observed AGG?
17. In which places were the catches or observations made and when? What were the sizes and numbers of the AGG?
18. Have you observed any aggregation? (Characterize)
19. What was the largest AGG you observed, where and when?
20. At what time of year did you catch or observe the highest AGG?
21. Do you think there is a difference in the size of the AGG with respect to places and depth or environment, do you know where the youngsters are?
22. Is there still a directed fishery for AGG? And how is it marketed?

ECOLOGY

23. Have you observed changes in the environment(s), the amount of AGG and fishing over time?
24. Do you know when the first maturity of the AGG occurs and what its life cycle is like?
25. Where and what does the AGG feed on? What time of day?
26. How important is AGG in the environment in your perception?

MANAGEMENT

27. Do you think the AGG moratorium is effective?
28. What do you think could be done for the conservation of the AGG?
