SUPPLEMENTARY MATERIAL

TABLE S3 | Sampling frequency at each small (SHP) and large (LHP) hydroelectric power plant, before and after closure.

		Before		After	
		Sampling period (initial - final)	**Sampling frequency**	**Sampling period (initial - final)**	**Sampling frequency**
SHP	**Bela Vista**	2018, October - 2021, February	quarterly	2021, May - 2023, May	quarterly
	Cantu 2	2013,October - 2015, April	quarterly	2016, January - 2018, April	quarterly
	São Francisco	2007, December - 2010, September	quarterly	2010, December - 2024, June	quarterly
LHP	**Tibagi Montante**	2017, April - 2019, July	quarterly	2019, October - 2024, April	quarterly
	Baixo Iguaçu	2013, September - 2018, July	monthly	2019, May - 2022, December	monthly
	Salto Caxias	1997, March - 1998, February	monthly	1998, November - 2001, February	monthly
