

TABLE S1 | Eggs (E) and larvae (L) collected by tributary in the Velhas River basin between November 2022 and February 2023. ¹Long-distance migratory species, ²Short-distance migratory species, ³Threatened species (based on Godinho *et al.*, 2010; MMA, 2022; Pompeu *et al.*, 2025).

Order/Family/Species	Onça		Maquiné		Paraúna/Cipó		Pardo Grande		Curimataí		Bicudo	
	E	L	E	L	E	L	E	L	E	L	E	L
Characiformes												
Acestrorhamphidae												
<i>Astyanax</i> sp.			X			X					X	
<i>Bario sanctaefilomenae</i>									X	X		
<i>Psalidodon fasciatus</i>	X			X	X				X	X		
<i>Psalidodon rivularis</i>				X								
<i>Psalidodon</i> spp.	X			X	X		X		X	X	X	
Anostomidae												
<i>Leporinus taeniatus</i> ²	X				X	X			X	X	X	X
<i>Leporinus piau</i>									X			
<i>Megaleporinus obtusidens</i> ¹				X	X	X	X			X		
<i>Schizodon knerii</i>						X				X		
<i>Leporellus vittatus</i>					X							
Bryconidae												
<i>Brycon orthotaenia</i> ^{1,3}					X							
<i>Salminus franciscanus</i> ¹					X							
Curimatidae												
<i>Cyphocharax</i> sp.					X				X			
<i>Steindachnerina elegans</i>									X			
Parodontidae												
<i>Parodon hilarii</i>	X			X	X				X			
Prochilodontidae												
<i>Prochilodus argenteus</i> ¹					X				X			
<i>Prochilodus costatus</i> ¹				X	X	X	X					X
Triportheidae												
<i>Triportheus guentheri</i>										X		
Stevardiidae												
<i>Piabina</i> spp.						X						
<i>Piabarchus</i> sp.					X		X					
<i>Piabina argentea</i>						X						
Cichliformes												
Scianidae												
<i>Pachyurus</i> sp.											X	
<i>Plagioscion squamosissimus</i>									X			
Gymnotiformes												
Sternopygidae												
<i>Eigenmannia</i> gr. <i>virescens</i>						X				X		
Siluriformes												
Cetopsidae												
<i>Cetopsis gobioides</i>									X			
Heptapteridae												
<i>Imparfinis minutus</i>									X			
<i>Pimelodella vittata</i>										X		
<i>Cetopsorhamdia iheringi</i>						X						

Order/Family/Species	Onça		Maquiné		Paraúna/Cipó		Pardo Grande		Curimataí		Bicudo	
	E	L	E	L	E	L	E	L	E	L	E	L
<i>Cetopsorhamdia</i> spp.								X				
Pimelodidae												
<i>Bergiaria westermanni</i>					X						X	
<i>Pimelodus fur</i> ²						X				X		
<i>Pimelodus maculatus</i> ²					X	X			X	X		
<i>Pimelodus pohli</i> ²					X		X		X		X	
<i>Pseudoplatystoma</i> <i>corruscans</i> ^{1, 3}					X							
<i>Pimelodus</i> spp.									X	X		
Pseudopimelodidae												
<i>Pseudopimelodus charus</i>					X
